RESOLVED FURTHER THAT the Board of Directors of the company be and is hereby authorised to do all such acts and take all such steps as may be necessary, proper or expedient to give effect to this resolution."

Statement pursuant under Section 102 of the Companies Act, 2013

Item No.3

As per Section 143 (8) of the Companies Act, 2013, Branch Auditor is required to be appointed at the Annual General Meeting. Accordingly, Branch Auditor is being appointed at every annual general meeting for the respective financial year to audit the accounts of the engineering division of your company.

The ordinary resolution set out in Item No.3 of the Notice seeks the approval of the members to re-appoint M/s VKS Aiyer & Co Chartered Accountants, Coimbatore (Firm Registration No.000066S) as the Branch Auditors to audit the accounts of the engineering division of the company for the financial year 2020-21 on the remuneration as set out therein. Your Directors recommend the passing of this resolution.

None of the Directors, Key Managerial Personnel of the company or their relatives are in any way concerned or interested, financially or otherwise in the resolution set out in Item No.3 of the Notice.

Item No.4

The Board of Directors, on the recommendation of the Audit Committee, has approved the appointment and remuneration of M/s P. Mohankumar & Co., Cost Accountant, as Cost Auditor to conduct the audit of the cost records of the engineering division of the company for the financial year 2020-21. In accordance with the provisions of Section 148 of the Companies Act, 2013 read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditor is required to be ratified by the Members of the company. Accordingly, approval of the Members is sought for passing the ordinary resolution as set out at Item No.4 of the Notice for ratification of the remuneration payable to the Cost Auditor for the financial year 2020-21. Your Directors recommend the passing of this resolution.

None of the Directors, Key Managerial Personnel, or their relatives are in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No.4 of the Notice.

Notes:

- 1. In view of the continuing Covid-19 pandemic, the Ministry of Corporate Affairs ("MCA") has vide its Circular No.20/2020 dated 05.05.2020 read with Circular No. 14/2020 dated 08.04.2020 and Circular No.17/2020 dated 13.04.2020 (collectively referred to as "MCA Circulars") permitted the conduct of the 58th Annual General Meeting ("AGM") through Video Conferencing (VC) / Other Audio Visual Means (OAVM), without the physical presence of the Members at a common venue. The deemed venue for the AGM shall be the Registered Office of the company situated at 75/8, Benares Cape Road, Gangaikondan-627352, Tirunelveli. In compliance with the provisions of the Companies Act, 2013 ("Act"), SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations") and MCA Circulars, the 58th AGM of the company is being held through VC / OAVM.**

KOVILPATTI LAKSHMI ROLLER FLOUR MILLS LIMITED

(Formerly KLRF Limited)

- 2. Pursuant to the provisions of the Act, a Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a Member of the company. Since this 58th AGM is being held pursuant to the MCA Circulars through VC / OAVM, the physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the 58th AGM and hence the Proxy Form and Attendance Slip are not annexed to this Notice.**
3. Members may note that M/s Arun & Co., Chartered Accountants (Firm Registration No.014464S) were appointed as Statutory Auditors of the company at the 55th Annual General Meeting (AGM) held on 15th September, 2017, to hold their office for a period of 5 consecutive years till the conclusion of the 60th AGM to be held during the year 2022, subject to ratification by the shareholders at every AGM, if so required under the Act. However, the Ministry of Corporate Affairs vide notification dated 7th May, 2018 had amended Section 139 of the Companies Act, 2013 by omitting the requirement of seeking ratification of the members for appointment of statutory auditors at every AGM. Hence, no resolution is being proposed for ratification of the appointment of Statutory Auditors at this 58th Annual General Meeting.
4. Institutional / Corporate Shareholders (i.e. other than individuals / HUF, NRI, etc.) are required to send a scanned copy (PDF/JPG Format) of its Board or governing body Resolution/ Authorization etc., authorizing its representative to attend the AGM through VC / OAVM on its behalf and to vote through remote e-voting. The said Resolution/Authorization shall be sent to the Scrutinizer by email through its registered email address to mds@mdsassociates.in with a copy marked to the company to cosec@klrf.in
5. The Register of Members and share transfer books of the company will remain closed from Tuesday, 8th September, 2020 to Monday 14th September, 2020 (both days inclusive) as per Regulation 42 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Section 91 of the Companies Act, 2013.
6. Details under Regulation 36 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Clause 1.2.5 of the Secretarial Standards on General Meetings (SS-2) is furnished as annexed and forms a part of this notice.
7. Members whose shareholding is in the electronic mode are requested to update their bank account details (Bank Account No., name of the Bank, Branch, IFSC code, MICR code and place with PIN Code) to their respective Depository Participants. Members whose shareholding is in the physical mode are requested to direct the above details to the company or to Link Intime India Private Limited, the RTA. Regular updation of bank particulars is intended to prevent fraudulent encashment of dividend warrants, as and when dividend is declared.
8. The company has entered into agreements with National Securities Depository Limited

KOVILPATTI LAKSHMI ROLLER FLOUR MILLS LIMITED

(Formerly KLRF Limited)

("NSDL") and Central Depository Services (India) Limited ("CDSL"). The Depository System envisages the elimination of several problems involved in the scrip-based system such as bad deliveries, fraudulent transfers, fake certificates, thefts in postal transit, delay in transfers, mutilation of share certificates, etc. Simultaneously, Depository System offers several advantages like elimination of concept of market lot, elimination of bad deliveries, reduction in transaction costs, improved liquidity, etc. Members, therefore, now have the option of holdings and dealing in the shares of the company in electronic form through NSDL or CDSL. Members are encouraged to convert their holding to electronic mode.

9. Securities and Exchange Board of India ("SEBI") has mandated that the transfer of securities held in physical form, except in case of transmission or transposition, shall not be processed by the Company / its Registrars and Share Transfer Agents with effect from 1st April, 2019. Therefore, the members, who are holding share(s) in physical form, are requested to immediately dematerialize their shareholding in the company. Necessary prior intimation in this regard has already been provided to the shareholders.
10. a) Members are requested to notify immediately any change of address:
 - i. to their Depository Participants ("DPs") in respect of the shares held in electronic form, and
 - ii. to the company or its RTA, in respect to the shares held in physical form together with a proof of address viz, Aadhaar /Electricity Bill/ Telephone Bill/Ration Card/Voter ID Card/ Passport etc.
- b) In case the registered mailing address is without the Postal Identification Number Code ("PIN CODE"), Members are requested to kindly inform their PIN CODE immediately to the Company / RTA/ DPs.
11. Non-Resident Indian ("NRI") Members are requested to inform the company or its RTA or to the concerned Depository Participants, as the case may be, immediately:
 - a. the change in the residential status on return to India for permanent settlement; (or)
 - b. the particulars of the NRE/NRO Account with a Bank in India, if not furnished earlier.
12. As per the provisions of Section 72 of the Act, the facility for making nominations is now available to individuals holding shares in the company. Members holding shares in physical form may obtain the Nomination Form from the RTA of the company or can download the form from the company's website namely www.klrf.in. Members holding shares in electronic form must approach their Depository Participant(s) for completing the nomination formalities.
13. Members are requested to make all correspondence in connection with shares held by them by addressing letters directly to the Company Secretary of the company or its RTA, namely, M/s Link Intime India Private Limited (LIPL), 35, May Flower Avenue, Behind Senthil Nagar, Sowripalayam Road, Coimbatore-641028, Tamil Nadu, by quoting the Folio

KOVILPATTI LAKSHMI ROLLER FLOUR MILLS LIMITED

(Formerly KLRF Limited)

number or the Client ID number with DP ID number.

14. In case of joint holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the company will be entitled to vote at the AGM.
15. A member who needs any clarification on accounts or operations of the company shall write to the Company Secretary, so as to reach him at least 7 days before the meeting. The same will be replied by the company suitably.
16. Members who have not encashed the dividend warrant(s) in relation to the financial year 2016-17 are requested to send their claim with a cancelled cheque containing name of the shareholder (for their Bank details) immediately to the Company/Registrar and Transfer Agent (RTA) for receiving the amounts through electronic channels such as RTGS/ NEFT in lieu thereof. Members are requested to note that pursuant to Section 124 of the Companies Act, 2013 dividends not claimed within seven years from the date of transfer to the company's Unpaid Dividend Account, will be transferred to the Investor Education and Protection Fund ("IEPF") established by the Central Government under Section 125 of the Companies Act, 2013. The details of unpaid dividend can be viewed on the company's website www.klrf.in. As per the provisions of Rule 6 of the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules 2016, the company will be transferring the share(s), in respect of which the beneficial owner has not encashed any dividend during the last seven years, to the IEPF demat account as identified by the IEPF Authority. Details of shareholders whose shares has been transferred / are liable to be transferred to IEPF are available at the company website: www.klrf.in. The shareholders whose unclaimed dividend /share has been transferred to the 'Investor Education and Protection Fund', may claim the same from IEPF authority by filing Form IEPF-5 along with requisite documents.
17. In compliance with the aforesaid MCA Circulars and SEBI Circular dated May 12, 2020, Notice of the 58th AGM along with the Annual Report 2019-20 is being sent only through electronic mode to those Members whose email addresses are registered with the Company/RTA/Depositories. Members may note that the physical copy of the Annual Report will not be sent. Members may note that the Notice and Annual Report 2019-20 will also be available on the company's website www.klrf.in, websites of the Stock Exchange i.e. BSE Limited at www.bseindia.com and on the website of Link Intime India Private Limited <https://instavote.linkintime.co.in>. Members can attend and participate in the Annual General Meeting through VC/OAVM facility only.
18. Members attending the AGM through VC / OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
19. Since the AGM will be held through VC / OAVM, the Route Map is not annexed in this Notice.

REVIEW OF BUSINESS OPERATIONS

During the year ended 31st March 2020, the Company has recorded a total income of ₹ 23,247 lakhs as against ₹ 23,236 lakhs achieved during the previous year. The profit after tax amounted to ₹ 425 lakhs as against loss of ₹ 145 lakhs in the previous year. The Profit before Interest, Depreciation, Taxes and Amortization (EBIDTA) amounted to ₹ 1454 lakhs as against ₹ 808 lakhs in the previous year.

There was no change in the nature of business of the Company during the financial year ended 31st March 2020.

The performance of each business segment of the Company has been comprehensively discussed in the Management Discussion and Analysis Report (forming part of this Directors' Report).

IMPACT OF THE COVID-19 PANDEMIC ON THE BUSINESS

In order to contain the spread of the novel Corona Virus Disease ('COVID-19') and in line with the nationwide lockdown and other directives announced by the Central and the State Governments, the manufacturing and administrative operations of the engineering division of the Company was closed from 25th March, 2020 and the manufacturing and administrative operations of the food division was partially operational during the lockdown period in compliance with all health, safety and quality measures. The closure of manufacturing

KOVILPATTI LAKSHMI ROLLER FLOUR MILLS LIMITED

(Formerly KLRFL Limited)

operations have adversely affected the operations of the Company but however the same does not affect the Company's ability to meet its debt and other financial commitments.

The Company has obtained requisite permissions from the local authorities and resumed the operations of the engineering division from 16th June, 2020 onwards in a phased manner. The Company have implemented all necessary standard operating procedures including physical distancing, sanitization, fumigation and other health and safety norms / guidelines / directives issued by the Central and State Governments from time to time, in the factories, administrative & registered office spaces to minimize the health risk and to ensure the well-being of its employees and to ensure the smooth functioning of the operations.

The availability of labour coupled with uncertain and frequently changing situations prevailing due to the COVID-19 pandemic and the unpredictable market conditions continue to pose challenges. However, the management is confident to overcome the crisis and the overall business operations are expected to improve.

FINANCE

MANAGEMENT DISCUSSION AND ANALYSIS

INDUSTRY STRUCTURE, DEVELOPMENTS AND FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

Results

The total income of the Company for the year is ₹ 23,247 lakhs as against ₹ 23,236 lakhs last year.

The Company earned an EBIDTA of ₹ 1454 lakhs

The Food division earned an EBIDTA of ₹ 1202 lakhs on milling of 52,810 Metric tons of wheat accounting for 69% of the turnover of the Company.

Engineering Division has earned an EBIDTA of ₹ 252 lakhs

Capital Investment

Company has made a total capital investment of ₹ 135.10 lakhs. These investments will result in control of pollution of various emissions.

OPPORTUNITIES, CHALLENGES, RISKS & CONCERNS

Food Division

India is heading for a fourth consecutive record wheat harvest, with Financial Year 2020-21 production forecast at 106 million metric tons (MMT) as against 103 MMT in the previous financial year. Food Corporation of India has increased their procurement target from the farmers resulting in huge buffer stocks available at their warehouses. But the impact of COVID pandemic may affect the wheat flour sales during the financial year 2020-21.

Engineering Division

India is emerging as alternate sourcing hub replacing China, globally. Covid-19 Pandemic,

has shown way to most of the developed nations to relocate their manufacturing setup from China to India, which will provide huge opportunities for Indian Industries. The all-time high in agriculture productivity in our country, will have high potential growth in both Tractor and Pump industry, will help foundry division to cater to the increased volume and off-set the downtrend of automotive industry. The new vehicle scrap policy to be introduced in our country will help to boost the demand for new vehicles in long-run, quick recovery of the automotive industry, in turn support our foundry division to sustain its operation. The pandemic Covid-19 will have impact on the volume for the year 2020-21, but with all cost control initiatives, the division is expected to make reasonable profit.

SEGMENT-WISE AND PRODUCT-WISE PERFORMANCE

Segment-wise and product-wise results are stated separately under segment reporting.

ECONOMIC OUTLOOK FOR THE YEAR

"India's economy is projected to contract by 4.5% following a longer period of lockdown and slower recovery than anticipated" the IMF said on account of Covid-19 pandemic that has nearly stalled all economic activities.

Unprecedented global sweep of this crisis hampers recovery prospects for export-dependent economies as downside risk, but at the same time on the upside, better news on vaccines and treatments, and additional policy support from Government of India can lead to a quicker resumption of economic activity.

Indian economy will rebound as the impact of the pandemic recedes, with improving economic growth momentum in the second half of 2020 and positive GDP growth of 6.7 % in the 2021-22 financial year. An important positive factor for India is its large and fast-growing middle class, which is helping to drive consumer spending. Total Indian consumer spending is forecast to grow by 42 per cent between 2020 and 2025. Rural sector supported by a steady agriculture performance will be a key demand generator for India this year. Despite the negative short-term shocks from the pandemic, foreign direct investment into India has remained buoyant.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

Planned periodic reviews are carried out resulting in identification of deficiencies and formulation of time bound action plans to improve efficiency. The adequacy of the internal control systems is periodically reviewed by the Audit Committee. This, supplemented with existing periodical management reviews, will enable the Company to improve its monitoring system at all levels.

The Company has internal control procedures commensurate with its size and the nature of its business for purchase of raw materials, plant and machinery, components, other items and sale of goods.

(Formerly KLRFL Limited)

HUMAN RESOURCES/ INDUSTRIAL RELATIONS

The Company believes that its people are a key differentiator, especially in knowledge driven, competitive and a global business environment. Adapting work culture to suit the dynamic balancing of people requirements and employee needs is an ongoing process. Fundamental HR processes which enable higher performance orientation, speed, skill and competency development, talent management are corner stones for the success of any organization. The Company is giving direct employment to 215 employees as in the past, the industrial relations continued to remain cordial in all the divisions of the Company.

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 and pursuant to Regulation 24A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015]

To

The Members,
Kovilpatti Lakshmi Roller Flour Mills Limited
(formerly known as "KLRF LIMITED")
CIN: L15314TN1961PLC004674
75/8, Benares Cape Road
Gangaikondan, Tirunelveli – 627352

I have conducted the Secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by M/s. Kovilpatti Lakshmi Roller Flour Mills Limited (formerly known as "KLRF Limited") (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of M/s.Kovilpatti Lakshmi Roller Flour Mills Limited's (formerly known as "KLRF Limited") books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended 31st March, 2020, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2020 according to the provisions of:

- i. The Companies Act, 2013 (the Act) and the rules made thereunder;
- ii. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- iii. The Depositories Act, 1996 and the Regulations and bye-laws framed thereunder;
- iv. The following Regulations prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - a. The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;

KOVILPATTI LAKSHMI ROLLER FLOUR MILLS LIMITED

(Formerly KLRFL Limited)

- b. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
- c. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
- d. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993, regarding the Companies Act and dealing with client;
- e. The Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018

The following laws, as identified by the management, are specifically applicable to the industry to which the Company belongs;

- a. Food Safety and Standards Act, 2006 and its Rules/Regulations made thereon;
- b. Legal Metrology Act, 2009 and its Rules made thereon;
- c. Standards, Weights and Measures Act, 1976 and its Rules made thereon;
- d. The Prevention of Food Adulteration Act, 1954;
- e. The Trade Marks Act, 1999.

I have also examined compliance with the applicable clauses of the following:

- a. Secretarial Standards with respect to Board Meetings (SS-1) and General Meetings (SS-2) issued by The Institute of Company Secretaries of India (ICSI);
- b. The Listing Agreement entered into by the Company with BSE Limited;

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, and Standards etc., mentioned above.

I further report that, during the year under review, there were no actions/ events in pursuance of the following Rules/Regulations requiring compliance thereof by the Company:

- a. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- b. The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
- c. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
- d. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009;

- f. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;

KOVILPATTI LAKSHMI ROLLER FLOUR MILLS LIMITED

(Formerly KLRFL Limited)

I further report that having regard to the compliance system prevailing in the Company and on the review of quarterly compliance reports taken on record by the Board of Directors and on examination of the relevant documents and records in pursuance thereof, on test-check basis, the Company has complied with the labour and environmental laws as applicable to the Company.

I further report that the compliance by the Company of applicable financial laws, like direct and indirect tax laws, has not been reviewed in this Audit since the same has been subject to review by statutory financial auditor and other designated professionals.

I further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Director, Non-Executive Directors, Independent Directors and a Woman Director. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board meetings and Committee meetings are carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committee of the Board, as the case may be.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with all applicable laws, rules, regulations and guidelines.

Other than the above, there were no instances of:

- Public / Rights / debentures / sweat equity
- Redemption / buy-back of securities
- Major decision taken by the members in pursuant to section 180 of the Companies Act, 2013
- Merger / amalgamation / reconstruction etc
- Foreign technical collaborations

This Committee would basically look into and determine the company's policy on Remuneration packages to the Executive Directors and Senior Management. The Committee shall identify the persons, who are qualified to become Directors of the company/ who may be appointed in Senior Management in accordance with the criteria laid down, recommend to the Board their appointment and removal and also shall carry out evaluation of every Director's performance. The Committee shall also formulate the criteria for determining qualifications, positive attributes, independence of the Directors and recommend to the Board a Policy, relating to the remuneration for the Directors, Key Managerial Personnel and other senior management employees.

While recommending the appointment of the directors, key managerial personnel and senior management personnel, the nomination and remuneration committee considers criteria / attributes like qualification, expertise and experience of them in their respective fields. The nomination and remuneration committee has the discretion to decide whether qualification, expertise and experience possessed by a person is sufficient / satisfactory for the concerned position.

The board of directors have adopted a nomination and remuneration policy, which, inter alia, deals with the criteria for appointment of the directors, key managerial personnel and senior management personnel and their remuneration. The remuneration policy of the company is annexed to the Board's Report and can also be accessed on the company's website at www.klrf.in.

Due to pre-occupation of Mr. Ashwin Chandran, Chairman of the Nomination and Remuneration Committee, Mr.K.Gnanasekaran, a duly authorized Member of the said Committee, was present at the Annual General Meeting of the company held on 16th September, 2019.

Performance evaluation criteria for Independent Directors

The Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 mandates evaluation of performance of Independent Directors and Non-

KOVILPATTI LAKSHMI ROLLER FLOUR MILLS LIMITED

Independent Directors. The Companies Act, 2013 states that a formal annual evaluation needs to be made by the Board of its own performance and that of its committees and individual Directors. Schedule IV to the Companies Act, 2013 states that the performance evaluation of Independent Directors shall be done by the entire Board of Directors, excluding the director being evaluated. The evaluation of the performance of the Independent Directors are based on their qualification, experience, knowledge and competency, ability to fulfill allotted functions / roles, ability to function as a team, pro-activeness, participation and attendance, commitment, contribution, integrity, independence from the company and ability to articulate independent views and judgement. Accordingly, the performance evaluation of the Independent Directors was carried out by the entire Board, excluding the Director being evaluated.

The performance of the Board as a whole was evaluated by the Board after seeking inputs from all the directors on the basis of the criteria such as the Board composition and structure, effectiveness of board processes, information and functioning, etc.

The performance of the committees was evaluated by the board after seeking inputs from the committee members on the basis of the criteria such as the composition of committees, effectiveness of committee meetings, etc.

The Nomination and Remuneration Committee ("NRC") has evaluated the performance of the individual directors on the basis of the criteria approved by the Board.

Independent Auditor Report – Standalone Financial Results

The Members of Kovilpatti Lakshmi Roller Flour Mills Limited, Gangaikondan.

Report on the Audit of the Standalone Financial Statements

Opinion

I have audited the standalone financial statements of Kovilpatti Lakshmi Roller Flour Mills Limited (“the Company”), which comprise the balance sheet as at 31st March 2020, and the statement of Profit and Loss, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information in which are included the financial statements/ information for the year ended on that date audited by the branch auditors of the company’s branches located at Coimbatore, Tamilnadu.

In my opinion and to the best of my information and according to the explanations given to me, the aforesaid standalone financial statements give the information required by the Companies Act (“the Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the company as at March 31, 2020, its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for opinion

I conducted my audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. My responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of my report. I am independent of the company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to my audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and I have fulfilled my other ethical responsibilities in accordance with these requirements and the Code of Ethics. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Information other than the Financial Statements and Auditor’s Report Thereon

The company’s Board of Directors are responsible for the other information. The other information comprises the Board’s Report and the Corporate Governance Report, but does not include the standalone financial statements and my auditor’s report thereon.

My opinion on the standalone financial statements does not cover the other information and I do not express any form of assurance conclusion thereon.

In connection with my audit of the standalone financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or my knowledge obtained during the

course of my audit or otherwise appears to be materially misstated. If, based on the work I have performed, I conclude that there is a material misstatement of this other information; I am required to report that fact. I have nothing to report in this regard.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, were of most significance in my audit of the financial statements of the current period. These matters were addressed in the context of my audit of the financial statements as a whole, and in forming my opinion thereon, and I do not provide a separate opinion on these matters.

Key Audit Matter	How the Key Audit Matter was addressed in my audit
Evaluation of uncertain tax positions	<ul style="list-style-type: none"> ● Obtained details of completed tax assessments and demands for the year ended March 31, 2020 from management.
	<ul style="list-style-type: none"> ● Reviewed the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes.
	<ul style="list-style-type: none"> ● Considered legal precedence and other rulings in evaluating management's position on these uncertain tax positions.
	<ul style="list-style-type: none"> ● Also considered the effect of new information in respect of uncertain tax positions to evaluate whether any change was required to management's position on these uncertainties.

Management's Responsibility for the Standalone Financial Statements

The company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends

to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

I give in "Annexure A" a detailed description of Auditors; responsibilities for Audit of the standalone Financial Statements

Other Matter

I did not audit the financial statements/ information of 2 (Two) branches included in the stand alone financial statements of the company whose financial statements/financial information reflect total assets of ₹ 3,468.68 lakhs as at 31st March 2020 and the total revenue of ₹ 7,116.32 lakhs for the year ended on that date, as considered in the standalone financial statements/ information of these branches have been audited by the branch auditors whose reports have been furnished to me, and my opinion in so far as it relates to the amounts and disclosures included in respect of branches, is based solely on the report of such branch auditors.

My opinion is not modified in respect of these matters.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, I give in the "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, I report that:

- (a) I have sought and obtained all the information and explanations which to the best of my knowledge and belief were necessary for the purposes of my audit.
- (b) In my opinion, proper books of account as required by law have been kept by the company so far as it appears from my examination of those books and proper returns adequate for the purposes of my audit have been received from the branches not visited by me.
- (c) The reports on the accounts of the branch offices of the company audited under Section 143(8) of the Act by branch auditors have been sent to me and have been properly dealt with by me in preparing this report.

KOVILPATTI LAKSHMI ROLLER FLOUR MILLS LIMITED

(Formerly KLRFL Limited)

- (d) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account and with the returns received from the branches not visited by me.
- (e) In my opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (f) On the basis of the written representations received from the directors as on 31st March, 2020 taken on record by the Board of Directors, none of the director is disqualified as on 31st March, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
- (g) With respect to the adequacy of the internal financial controls over financial reporting of the company and the operating effectiveness of such controls, refer to my separate Report in "Annexure C".
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in my opinion and to the best of my information and according to the explanations given to me:
- I. The company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 37 to the financial statements;
 - II. The company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - III. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the company.

As required by the Companies (Amendment) Act, 2017, in my opinion and according to the information and explanations given to me, the remuneration paid by the company to its directors are within the limits laid prescribed under Section 197 of the Act and the rules thereunder.

Annexure "A" to the Independent Auditor's Report

(Referred to in Auditor's Responsibilities for the Audit of the Financial Statements section of my report to the members of Kovilpatti Lakshmi Roller Flour Mills Company Limited of even date)

Auditor's Responsibilities for the Audit of the Financial Statements

As part of an audit in accordance with SAs, I exercise professional judgment and maintain professional scepticism throughout the audit. I also:

- I. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- II. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, I am also responsible for expressing my opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- III. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- IV. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the company to cease to continue as a going concern.
- V. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. I consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant

deficiencies in internal control that I identify during my audit.

I also provide those charged with governance with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationship and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, I determine those matter that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. I describe these matters in my auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, I determine that the matter should not be communicate in my report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of my report to the members of Kovilpatti Lakshmi Roller Flour Mills Limited of even date)

1. In respect of the company's fixed assets:

- (a) The company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The company has a program of verification to cover all the items of fixed assets in a phased manner which, in my opinion, is reasonable having regard to the size of the company and the nature of its assets. Pursuant to the program, certain fixed assets were physically verified by the management during the year. According to the information and explanations given to me, no material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to me, the records examined by me and based on the examination of the conveyance deeds provided to me, I report that, the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of the company as at the balance sheet date.

2. The inventory has been physically verified by the management during the year. In my opinion, the frequency of such verification is reasonable.
3. According to information and explanation given to me, the company has not granted any loan, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register required under section 189 of the Companies Act, 2013. Accordingly, paragraph 3 (iii) of the order is not applicable.
4. In my opinion and according to information and explanation given to me, the company has not granted any loans or provided any guarantees or given any security to which the provision of section 185 of the companies Act are applicable. In respect of investments

KOVILPATTI LAKSHMI ROLLER FLOUR MILLS LIMITED

(Formerly KLRFL Limited)

made by the company, the company had complied with the provisions of section 186 of the Companies Act, 2013.

5. In my opinion and according to the information and explanations given to me, the company has not accepted any deposits and accordingly paragraph 3 (v) of the order is not applicable.
6. In my opinion and according to the information and explanations given to me, and based on the report of the branch auditors, the Engineering Divisions of the company had maintained cost records specified under section 148 (1) (d) of the Companies Act, 2013 and the relevant rules prescribed. However, I have not carried out a detailed examination of the same.
7. According to the information and explanations given to me, in respect of statutory dues:
 - (a) The company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Goods and Service Tax, Value Added Tax, Customs Duty, Excise Duty, Cess and other material statutory dues applicable to it with the appropriate authorities.
 - (b) There were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Value Added Tax, Goods and Service Tax, Customs Duty, Excise Duty, Cess and other material statutory dues in arrears as at March 31, 2020 for a period of more than six months from the date they became payable.
 - (c) Details of dues of Income Tax, Sales Tax, Service Tax, Excise Duty, Value Added Tax and Goods and Service Tax which have not been deposited as at March 31, 2020 on account of dispute are given below:

Statute	Nature of dues	Amount (₹ in lakhs)	Period to which the amount relates	Forum where the dispute is pending
Tamil Nadu Value Added Tax Act	TNVAT	25.05	FY 2008-09 to 2013-14	Commercial Tax appellate Tribunal, Madurai
Kerala Value Added Tax Act	KVAT	199.17	July 2016 to December 2016 & April 2017 to June, 2017	Case disposed off in favour of the company by the Hon'ble High Court of Kerala, Ernakulam
Kerala Value Added Tax Act	KVAT	66.90	January 2017 to March 2017	Deputy Commissioner appeal, Kollam

8. In my opinion and according to the information and explanations given to me, the company has not defaulted in repayment of dues to its bankers during the year. According to the information and explanations given to me, the company has no outstanding dues to any financial institutions or any government or any debenture holders during the year.

KOVILPATTI LAKSHMI ROLLER FLOUR MILLS LIMITED

(Formerly KLRFL Limited)

9. In my opinion and according to the information and explanations given to me, the term loans taken by the company have been applied for the purpose for which they were raised. The company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year.
10. During the course of my audit, examination of the books and records of the company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to me, I have neither come across any instance of material fraud by the company or on the company by its officers or employees.
11. In my opinion and according to the information and explanations given to me, the company has paid/provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.
12. In my opinion and according to the information and explanations given to me, the company is not a Nidhi company and hence reporting under clause 3 (xii) of the Order is not applicable to the company.
13. According to the information and explanations given to me and based on my examination of the records of the company, transactions with the related parties are in compliance with section 177 and 188 of the Act. Where applicable, the details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.
14. According to the information and explanations given to me and based on my examination of the records of the company, the company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, the provisions stated in paragraph 3 (xiv) of the order are not applicable.
15. According to the information and explanations given to me and based on my examination of the records of the company, the company has not entered into non-cash transactions with directors or persons connected with them. Accordingly, paragraph 3(xv) of the order is not applicable.
16. According to the information and explanations given to me and based on my examination of the records of the company, the company is not required to be registered under section 45-IA of the Reserve Bank of India Act 1934.

Annexure “C” to the Independent Auditor’s Report

(Referred to in paragraph 2 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of my report to the Members of Kovilpatti Lakshmi Roller Flour Mills Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub- section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

I have audited the internal financial controls over financial reporting of Kovilpatti Lakshmi Roller Flour Mills Limited (“the Company”) as of March 31, 2020, in conjunction with my audit of the financial statements of the company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

My responsibility is to express an opinion on the internal financial controls over financial reporting of the company based on my audit. I conducted my audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that I comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

My audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. My audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement in the financial statements, whether due to fraud or error.

KOVILPATTI LAKSHMI ROLLER FLOUR MILLS LIMITED

(Formerly KLRFL Limited)

I believe that the audit evidence I have obtained, is sufficient and appropriate to provide a basis for my audit opinion on the company's internal financial control system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management of override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In my opinion and according to the information and explanations given to me, the company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to Financial Statements for the year ended March 31, 2020**1 Corporate Information**

Kovilpatti Lakshmi Roller Flour Mills Limited was established in 1964 with an initial milling capacity of 15,600 MT per annum and has since expanded to 74,900 MT per annum. The wheat products are marketed in varied SKUs across Tamilnadu and Kerala. The engineering division producing ferrous castings with an installed capacity of 12,000 MT per annum caters to a range of clients in the automotive, capital equipment, pumps & valves and general engineering sectors.

2 Basis of preparation of financial statements**Basis of preparation and presentation**

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

Use of estimates

The preparation of financial statements in conformity with Generally Accepted Accounting Principles (GAAP) requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses and the disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognised prospectively in current and future periods.

Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded to the nearest Lakhs (up to two decimals).

The financial statements are approved for issue by the Company's Board of Directors on June 26, 2020.

2A Critical accounting estimates and management judgments

In application of the accounting policies, which are described in note 2, the management of the Company is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and assumptions are based on historical experience and other factors that are considered to be relevant.

Information about significant areas of estimation, uncertainty and critical judgements used in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is included in the following notes:

Property, Plant and Equipment and Intangible Assets

The residual values and estimated useful life of PPEs and Intangible Assets are assessed by the technical team at each reporting date by taking into account the nature of asset, the estimated usage of the asset, the operating condition of the asset, past history of replacement and maintenance support. Upon review, the management accepts the assigned useful life and residual value for computation of depreciation/ amortisation. Also, management judgement is exercised for classifying the asset as investment properties or vice versa.

Current tax

Calculations of income taxes for the current period are done based on applicable tax laws and management's judgement by evaluating positions taken in tax returns and interpretations of relevant provisions of law.

Deferred Tax Assets (including MAT Credit Entitlement)

Significant management judgement is exercised by reviewing the deferred tax assets at each reporting date to determine the amount of deferred tax assets that can be retained / recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Fair value

Management uses valuation techniques in measuring the fair value of financial instruments where active market quotes are not available. In applying the valuation techniques, management makes maximum use of market inputs and uses estimates and assumptions that are, as far as possible, consistent with observable data that market participants would use in pricing the instrument. Where applicable data is not observable, management uses its best estimate about the assumptions that market participants would make. These estimates may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

Impairment of Trade Receivables

The impairment for trade receivables are done based on assumptions about risk of default and expected loss rates. The assumptions, selection of inputs for calculation of impairment are based on management judgement considering the past history, market conditions and forward looking estimates at the end of each reporting date.

Impairment of Non-financial assets (PPE/ Intangible Assets)

The impairment assessment of non-financial assets is determined based on estimation of recoverable amount of such assets. The assumptions used in computing the recoverable amount are based on management judgement considering the timing of future cash flows, discount rates and the risks specific to the asset.

Defined Benefit Plans and Other long term benefits

The cost of the defined benefit plan and other long term benefits, and the present value of such obligation are determined by the independent actuarial valuer. An actuarial valuation involves making various assumptions that may differ from actual developments in future. Management believes that the assumptions used by the actuary in determination of the discount rate, future salary increases, mortality rates and attrition rates are reasonable. Due to the complexities involved in the valuation and its long term nature, this obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities could not be measured based on quoted prices in active markets, management uses valuation techniques including the Discounted Cash Flow (DCF) model, to determine its fair value. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is exercised in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

Provisions and contingencies

The recognition and measurement of other provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the reporting date. The actual outflow of resources at a future date may therefore vary from the figure estimated at end of each reporting period.

2B Recent accounting pronouncements

New and amended standards adopted by the company

The company has applied the following standards and amendments for the first time in their annual reporting period commencing April 01, 2019

- 1) Ind AS 116 - Leases
- 2) Ind AS 12 - Income taxes - Amendments in Appendix 'C', uncertainty over Income tax treatments & Income tax consequences of dividend.
- 3) Ind AS 19 - Employee Benefits - Amendments in Plan amendments, curtailments or settlements

- 4) Ind AS 23 - Borrowing Costs - Amendments in borrowing costs eligible for capitalisation.
- 5) Amendments in Ind AS 103 - Business Combinations and Ind AS 111 - Joint Arrangements

Ind AS 116 replaces the existing lease standard, Ind AS 17, Leases and related interpretations. Therefore the company had to change the accounting policies, following the adoption of Ind AS 116.

The amendments listed above did not have any impact on the amounts recognised in prior periods and not expected to significantly affect the current or future periods.

3 Significant Accounting Policies

a) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is treated as current when it is:

- i) Expected to be realised or intended to be sold or consumed in normal operating cycle
- ii) Held primarily for the purpose of trading
- iii) Expected to be realised within twelve months after the reporting period, or
- iv) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- i) It is expected to be settled in normal operating cycle
- ii) It is held primarily for the purpose of trading
- iii) It is due to be settled within twelve months after the reporting period, or
- iv) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified approximately 5 months as its average operating cycle.

b) Fair value measurement

The Company has applied the fair value measurement wherever necessitated at each reporting period.

KOVILPATTI LAKSHMI ROLLER FLOUR MILLS LIMITED

(Formerly KLRFL Limited)

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- i) In the principal market for the asset or liability;
- ii) In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non - financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and the best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- | | | |
|---------|---|---|
| Level 1 | : | Quoted (unadjusted) market prices in active market for identical assets or liabilities; |
| Level 2 | : | Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and |
| Level 3 | : | Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable. |

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company has designated the respective team leads to determine the policies and procedures for both recurring and non - recurring fair value measurement. External valuers are involved, wherever necessary with the approval of Company's board of directors. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

For the purpose of fair value disclosure, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risk of the asset or liability and the level of the fair value hierarchy as explained above. The component wise fair value measurement is disclosed in the relevant notes.

c) Revenue Recognition

Sale of goods

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue on sale of goods is recognised when the risk and rewards of ownership is transferred to the buyer, which generally coincides with the despatch of the goods or as per the inco-terms agreed with the customers.

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment. It comprises of invoice value of goods including excise duty and after deducting discounts, volume rebates and applicable taxes on sale. It also excludes value of self-consumption.

Sale of services

Income from sale of services is recognised when the services are rendered as per the terms of the agreement and when no significant uncertainty as to its determination or realisation exists.

Export entitlements

Export entitlements from Government authorities are recognised in the statement of profit and loss when the right to receive credit as per the terms of the scheme is established in respect of the exports made by the Company, and where there is no significant uncertainty regarding the ultimate collection of the relevant export proceeds.

Interest Income

Interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Dividend income

Dividend income is recognized when the company's right to receive dividend is established by the reporting date, which is generally when shareholders approve the dividend.

d) Property, plant and equipment and capital work in progress

Presentation

Property, plant and equipment and capital work in progress are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs of a qualifying asset, if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. All other repair and maintenance costs are recognised in profit or loss as incurred.

Advances paid towards the acquisition of tangible assets outstanding at each balance sheet date, are disclosed as capital advances under other non-current assets and the cost of the tangible assets not ready for their intended use before such date, are disclosed as capital work in progress.

Component Cost

All material/ significant components have been identified and have been accounted separately. The useful life of such components are analysed independently and wherever components are having different useful life other than plant they are part of, useful life of components are considered for calculation of depreciation.

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of repairs and maintenance are recognised in the statement of profit and loss as incurred.

Machinery spares/ insurance spares that can be issued only in connection with an item of fixed assets and their issue is expected to be irregular are capitalised. Replacement of such spares is charged to revenue. Other spares are charged as revenue expenditure as and when consumed.

Derecognition

Gains or losses arising from derecognition of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is derecognized.

e) Depreciation on property, plant and equipment

Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life on a straight line method. The depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less 5% being its residual value.

Depreciation is provided on straight line method, over the useful lives specified in Schedule II to the Companies Act, 2013.

Depreciation for PPE on additions is calculated on pro-rata basis from the date of such additions. For deletion/disposals, the depreciation is calculated on pro-rata basis up to the date on which such assets have been discarded / sold. Additions to fixed assets, costing ₹ 5000 each or less are fully depreciated.

The residual values, estimated useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

f) Intangible assets

Intangible assets acquired separately

Intangible assets acquired separately are measured on initial recognition at cost. The cost of a separately acquired intangible asset comprises (a) its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates; and (b) any directly attributable cost of preparing the asset for its intended use. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

Useful life and amortisation of intangible assets

The useful lives of intangible assets are assessed as either finite or indefinite. Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period.

The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Subsequent cost and measurement

Subsequent costs are capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditures, including expenditure on internally-generated intangibles, are recognised in the statement of profit and loss as incurred.

Subsequent to initial recognition, internally-generated intangible assets are reported at cost less accumulated amortisation and accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

g) Inventories

Inventories are carried at the lower of cost and net realisable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

h) Financial Instruments

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instruments.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value. However, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified on the basis of their contractual cash flow characteristics and the entity's business model of managing them.

Financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortised cost

The Company classifies a debt instrument as at amortised cost, if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

Debt instrument at FVTOCI

The Company classifies a debt instrument at FVTOCI, if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes finance income, impairment losses and reversals and foreign exchange gain or loss in the profit and loss statement. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instrument at FVTPL

The Company classifies all debt instruments, which do not meet the criteria for categorization as at amortized cost or as FVTOCI, as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. Where the Company makes an irrevocable election of equity instruments at FVTOCI, it recognises all subsequent changes in the fair value in OCI, without any recycling of the amounts from OCI to profit and loss, even on sale of such investments.

KOVILPATTI LAKSHMI ROLLER FLOUR MILLS LIMITED

(Formerly KLRFL Limited)

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

Financial assets are measured at FVTPL except for those financial assets whose contractual terms give rise to cash flows on specified dates that represents SPPI, are measured as detailed below depending on the business model:

Classification	Name of the financial asset
Amortised cost	Trade receivables, Loans given to employees and related parties, deposits, interest receivable, unbilled revenue and other advances recoverable in cash.
FVTOCI	Equity investments in companies other than subsidiary and associate, if an option exercised at the time of initial recognition.
FVTPL	Other investments in equity instruments, mutual funds, forward exchange contracts (to the extent not designated as a hedging instrument).

Derecognition

A financial asset is primarily derecognised when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

KOVILPATTI LAKSHMI ROLLER FLOUR MILLS LIMITED

(Formerly KLRFL Limited)

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance.
- b) Financial assets that are debt instruments and are measured at FVTOCI
- c) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18.

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and
- All lease receivables resulting from transactions within the scope of Ind AS 17

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime Expected Credit Loss (ECL) at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 months ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12 months ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, the Company considers all contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument and Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECL allowance (or reversal) recognized during the period is recognized as income/expense in the statement of profit and loss. This amount is reflected under the head 'other expenses' in the profit and loss. The balance sheet presentation of ECL for various financial instruments is described below:

- Financial assets measured as at amortised cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance, which reduces the net

KOVILPATTI LAKSHMI ROLLER FLOUR MILLS LIMITED

(Formerly KLRFL Limited)

carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

- Debt instruments measured at FVTOCI: Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as 'accumulated impairment amount' in the OCI.

For assessing increase in credit risk and impairment loss, the company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

For impairment purposes, significant financial assets are tested on individual basis at each reporting date. Other financial assets are assessed collectively in groups that share similar credit risk characteristics. Accordingly, the impairment testing is done on the following basis:

Name of the financial asset	Impairment Testing Methodology
Trade Receivables	Expected Credit Loss model (ECL) is applied. The ECL over lifetime of the assets are estimated by using a provision matrix which is based on historical loss rates reflecting current conditions and forecasts of future economic conditions which are grouped on the basis of similar credit characteristics such as nature of industry, customer segment, past due status and other factors that are relevant to estimate the expected cash loss from these assets.
Other financial assets	When the credit risk has not increased significantly, 12 month ECL is used to provide for impairment loss. When there is significant change in credit risk since initial recognition, the impairment is measured based on probability of default over the life time. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12 month ECL.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at FVTPL and as at amortised cost.

KOVILPATTI LAKSHMI ROLLER FLOUR MILLS LIMITED

(Formerly KLRFL Limited)

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at FVTPL

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading, if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains / losses are not subsequently transferred to profit and loss. However, the company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The company has not designated any financial liability as at fair value through profit and loss.

Classification	Name of the financial liability
Amortised cost	Borrowings, Trade payables, Interest accrued, Unclaimed / Disputed dividends, Security deposits and other financial liabilities not for trading.
FVTPL	Foreign exchange Forward contracts being derivative contracts do not qualify for hedge accounting under Ind AS 109 and other financial liabilities held for trading.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in

profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Derivative financial instruments

The Company holds derivative financial instruments such as foreign exchange forward and options contracts to mitigate the risk of changes in exchange rates on foreign currency exposures. The counterparty for these contracts is generally a bank.

Derivatives fair valued through profit or loss

This category has derivative financial assets or liabilities which are not designated as hedges.

Although the Company believes that these derivatives constitute hedges from an economic perspective, they may not qualify for hedge accounting under Ind AS 109, Financial Instruments. Any derivative that is either not designated a hedge, or is so designated but is ineffective as per Ind AS 109, is categorized as a financial asset or financial liability, at fair value through profit or loss.

Derivatives not designated as hedges are recognized initially at fair value and attributable transaction costs are recognized in net profit in the Statement of Profit and Loss when incurred. Subsequent to initial recognition, these derivatives are measured at fair value through profit or loss and the resulting exchange gains or losses are included in other income. Assets / liabilities in this category are presented as current assets / current liabilities if they are either held for trading or are expected to be realized within 12 months after the Balance Sheet date.

Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Reclassification of financial assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the

KOVILPATTI LAKSHMI ROLLER FLOUR MILLS LIMITED

(Formerly KLRFL Limited)

Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

The following table shows various reclassification and how they are accounted for:

S. No.	Original classification	Revised classification	Accounting treatment
1	Amortised cost	FVTPL	Fair value is measured at reclassification date. Difference between previous amortized cost and fair value is recognised in P&L.
2	FVTPL	Amortised Cost	Fair value at reclassification date becomes its new gross carrying amount. EIR is calculated based on the new gross carrying amount.
3	Amortised cost	FVTOCI	Fair value is measured at reclassification date. Difference between previous amortised cost and fair value is recognised in OCI. No change in EIR due to reclassification.
4	FVTOCI	Amortised cost	Fair value at reclassification date becomes its new amortised cost carrying amount. However, cumulative gain or loss in OCI is adjusted against fair value. Consequently, the asset is measured as if it had always been measured at amortised cost.
5	FVTPL	FVTOCI	Fair value at reclassification date becomes its new carrying amount. No other adjustment is required.
6	FVTOCI	FVTPL	Assets continue to be measured at fair value. Cumulative gain or loss previously recognized in OCI is reclassified to P&L at the reclassification date.

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet, if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

i) Foreign currency transactions and translations

Transactions and balances

Transactions in foreign currencies are initially recorded by the Company at the functional currency spot rates at the date at which the transaction first qualifies for recognition. However, for practical reasons, the Company uses an average rate, if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

The Company enters into forward exchange contract to hedge its risk associated with Foreign currency fluctuations. The premium or discount arising at the inception of a forward exchange contract is amortized as expense or income over the life of the contract. In case of monetary items which are covered by forward exchange contract, the difference between the yearend rate and rate on the date of the contract is recognized as exchange difference. Any profit or loss arising on cancellation of a forward exchange contract is recognized as income or expense for that year.

j) Borrowing Costs

Borrowing cost include interest computed using Effective Interest Rate method, amortisation of ancillary costs incurred and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs that are directly attributable to the acquisition, construction, production of a qualifying asset are capitalised as part of the cost of that asset which takes substantial period of time to get ready for its intended use. The Company determines the amount of borrowing cost eligible for capitalisation by applying capitalisation rate to the expenditure incurred on such cost. The capitalisation rate is determined based on the weighted average rate of borrowing cost applicable to the borrowings of the Company which are outstanding during the period, other than borrowings made specifically towards purchase of the qualifying asset. The amount of borrowing

cost that the Company capitalises during the period does not exceed the amount of borrowing cost incurred during that period. All other borrowings costs are expensed in the period in which they occur.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing costs are recognised in the statement of profit and loss in the period in which they are incurred.

k) Taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future tax liability, is recognised as an asset viz. MAT Credit Entitlement, to the extent there is convincing evidence that the Company will pay normal Income tax and it is highly probable that future economic benefits associated with it will flow to the Company during the specified period. The Company reviews the "MAT Credit Entitlement" at each Balance Sheet date and writes down the carrying amount of the same to the extent there is no longer convincing evidence to the effect that the Company will pay normal Income tax during the specified period.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. Where there is deferred tax assets arising from carry forward of unused tax losses and unused tax created, they are recognised to the extent of deferred tax liability.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

I) Retirement and other employee benefits

Short-term employee benefits

A liability is recognised for short-term employee benefit in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Defined contribution plans

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund and superannuation fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

Defined benefit plans

The Company operates a defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Compensated absences

As per the policy of the Company, compensated absences are not entitled to be carried forward to the subsequent financial year and paid within the reporting period. Accordingly, no liability towards compensated absences are recognised in these financial statements.

Other long term employee benefits

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by the employees up to the reporting date.

m) Leases

Till March 31, 2019

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease. All other leases are operating leases.

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Company's general policy

on the borrowing costs. Contingent rentals are recognised as expenses in the periods in which they are incurred.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

From April 01, 2019

(a) As a lessee:

At inception of a contract, the company assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Initially, as a lessee, the company recognises a right-of-use asset and a lease liability and measure the right-of-use asset at cost. The company measures the lease liability at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the company shall use the lessee's incremental borrowing rate. After the commencement date, the company measures the right-of-use asset applying a cost model.

Subsequently, the company measures the lease liability by:

- (a) increasing the carrying amount to reflect interest on the lease liability;
- (b) reducing the carrying amount to reflect the lease payments made; and
- (c) remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Company elects not to apply the requirements to either short-term leases or leases for which the underlying asset is of low value, the company recognises the lease payments associated with those leases as an expense on either a straight-line basis over the lease term or another systematic basis. The Company applies another systematic basis if that basis is more representative of the pattern of the lessee's benefit. Short term leases are leases with a lease term of 12 months or less.

(b) As a Lessor

As a lessor, the company classifies each of its leases as either an operating lease or a finance lease. A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership of an underlying asset. A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership of an underlying asset.

In case of a financial lease, at the commencement date, the company recognises assets held under a finance lease in its balance sheet and present them as a receivable at an amount equal to the net investment in the lease. Subsequently, the company recognises finance income over the lease term, based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. Any modification to a finance lease shall be accounted as a separate lease if the modification increases both the scope of the lease and the consideration for the lease.

In case of an operating lease, the company recognises lease payments from operating leases as income on either a straight-line basis or another systematic basis or the company applies another systematic basis if that basis is more representative of the pattern in which benefit from the use of the underlying asset is diminished. In case of any modification to an operating lease, the company accounts for as a new lease from the effective date of the modification, considering any prepaid or accrued lease payments relating to the original lease as part of the lease payments for the new lease.

The respective leased assets are included in their balance sheet based on their nature.

The Company did not need to make any adjustments to the accounting as a result of adoption of this new standard.

n) Impairment of non financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

o) Provisions, Contingent liabilities and Contingent assets

Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Provisions are discounted, if the effect of the time value of money is material, using pre-tax rates that reflects the risks specific to the liability. When discounting is used, an increase in the provisions due to the passage of time is recognised as finance cost. These provisions are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

Necessary provision for doubtful debts, claims, etc., are made if realisation of money is doubtful in the judgement of the management.

Contingent liability

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. Contingent liabilities are disclosed separately.

Show cause notices issued by various Government authorities are considered for evaluation of contingent liabilities only when converted into demand.

Contingent assets

Where an inflow of economic benefits is probable, the Company discloses a brief description of the nature of the contingent assets at the end of the reporting period, and, where practicable, an estimate of their financial effect.

p) Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances with original maturity of less than 3 months, highly liquid investments that are readily convertible into cash, which are subject to insignificant risk of changes in value.

q) Cash Flow Statement

Cash flows are presented using indirect method, whereby profit / (loss) before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments.

Bank borrowings are generally considered to be financing activities. However, where bank overdrafts which are repayable on demand form an integral part of an entity's cash management, bank overdrafts are included as a component of cash and cash equivalents for the purpose of Cash flow statement.

r) Earnings per share

The basic earnings per share are computed by dividing the net profit for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

Diluted EPS is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for bonus shares, as appropriate.

KOVILPATTI LAKSHMI ROLLER FLOUR MILLS LIMITED

(Formerly KLRFLimited)

Financial risk management objectives

The treasury function provides services to the business, co-ordinates access to domestic and international financial markets, monitors and manages the financial risks relating to the operations through internal risk reports which analyse exposures by degree and magnitude of risks. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk.

The Company seeks to minimise the effects of these risks by using natural hedging financial instruments and forward contracts to hedge risk exposures. The use of financial derivatives is governed by the Company's policies approved by the board of directors, which provide written principles on foreign exchange risk, the use of financial derivatives, and the investment of excess liquidity. The Company does not enter into or trade financial instruments, including derivative financial instruments, for speculative purposes.

Market risk

Market risk is the risk of any loss in future earnings, in realizable fair values or in future cash flows that may result from a change in the price of a financial instrument. The Company's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates. The Company actively manages its currency and interest rate exposures through its finance division and uses derivative instruments such as forward contracts and currency swaps, wherever required, to mitigate the risks from such exposures. The use of derivative instruments is subject to limits and regular monitoring by appropriate levels of management.

Foreign currency risk management

The Company undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. The Company actively manages its currency rate exposures through a centralised treasury division and uses natural hedging principles to mitigate the risks from such exposures. The use of derivative instruments, if any, is subject to limits and regular monitoring by appropriate levels of management.

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

Currency	Liabilities			Assets			Net overall exposure on the currency - net assets / (net liabilities)

Foreign currency sensitivity analysis

Movement in the functional currencies of the various operations of the Company against major foreign currencies may impact the Company's revenues from its operations. Any weakening of the functional currency may impact the Company's cost of imports and cost of borrowings and consequently may increase the cost of financing the Company's capital expenditures. The foreign exchange rate sensitivity is calculated for each currency by aggregation of the net foreign exchange rate exposure of a currency and a simultaneous parallel foreign exchange rates shift in the foreign exchange rates of each currency by 2%, which represents management's assessment of the reasonably possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the period end for a 2% change in foreign currency rates.

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

Interest rate risk management

The Company is exposed to interest rate risk because it borrows funds at both fixed and floating interest rates. The risk is managed by the Company by maintaining an appropriate mix between fixed and floating rate borrowings. Hedging activities are evaluated regularly to align with interest rate views and defined risk appetite, ensuring the most cost-effective hedging strategies are applied. Further, in appropriate cases, the Company also effects changes in the borrowing arrangements to convert floating interest rates to fixed interest rates.

Interest rate sensitivity analysis

The sensitivity analyses below have been determined based on the exposure to interest rates for both derivatives and non-derivative instruments at the end of the reporting period. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 25 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

The 25 basis point interest rate changes will impact the profitability approximately by INR 12.69 Lakhs for the year (Previous INR 15.30 Lakhs)

Credit risk management

Credit risk arises when a customer or counterparty does not meet its obligations under a customer contract or financial instrument, leading to a financial loss. The Company is exposed to credit risk from its operating activities primarily trade receivables and from its financing/ investing activities, including deposits with banks, mutual fund investments, investments in debt securities and foreign exchange transactions. The Company has no significant concentration of credit risk with any counterparty.

Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure is the total of the carrying amount of balances with banks, short term deposits with banks, trade receivables, margin money and other financial assets excluding equity investments.

(a) Trade Receivable

Trade receivables are consisting of a large number of customers. The Company has credit evaluation policy for each customer and based on the evaluation, credit limit of each customer is defined. Wherever the Company assesses the credit risk as high, the exposure is backed by either bank, guarantee/letter of credit or security deposits.

KOVILPATTI LAKSHMI ROLLER FLOUR MILLS LIMITED

(Formerly KLRFL Limited)

The Company does not have higher concentration of credit risks to a single customer. As per simplified approach, the Company makes provision of expected credit losses on trade receivables using a provision matrix to mitigate the risk of default in payments and makes appropriate provision at each reporting date wherever outstanding is for longer period and involves higher risk.

(b) Investments, Cash and Cash Equivalents and Bank deposits

Credit Risk on cash and cash equivalents, deposits with the banks/financial institutions is generally low as the said deposits have been made with the banks/financial institutions, who have been assigned high credit rating by international and domestic rating agencies.

Investments of surplus funds are made only with approved banks as fixed deposits. Investments primarily represent investments pursuant to power purchase agreement with power generation companies. These investments do not have any market risk as the Company will get back the face value when terminating the agreement.

Offsetting related disclosures

Offsetting of cash and cash equivalents to borrowings is available only to the bank in the event of a default. Company does not have the right to offset in case of the counter party's bankruptcy, therefore, these disclosures are not required.

Liquidity risk management

Liquidity risk refers to the risk that the Company cannot meet its financial obligations. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company invests its surplus funds in bank fixed deposits, which carry minimal mark to market risks. The Company also constantly monitors funding options available in the debt and capital markets with a view to maintaining financial flexibility.

Liquidity tables

The following tables detail the Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay.

45 Retirement benefit plans**Defined contribution plans**

In accordance with Indian law, eligible employees of the Company are entitled to receive benefits in respect of provident fund, a defined contribution plan, in which both employees and the Company

KOVILPATTI LAKSHMI ROLLER FLOUR MILLS LIMITED

(Formerly KLRFL Limited)

make monthly contributions at a specified percentage of the covered employees' salary. The contributions, as specified under the law, are made to the Provident Fund.

The total expense recognised in profit or loss of ₹ 79.07 Lakhs (previous year ₹ 86.06 Lakhs) represents contribution paid to these plans by the Company at rates specified in the rules of the plan.

Defined benefit plans

(a) Gratuity

Gratuity is payable as per Payment of Gratuity Act, 1972. In terms of the same, gratuity is computed by multiplying last drawn salary (basic salary including dearness Allowance if any) by completed years of continuous service with part thereof in excess of six months and again by 15/26. The Act provides for a vesting period of 5 years for withdrawal and retirement and a monetary ceiling on gratuity payable to an employee on separation, as may be prescribed under the Payment of Gratuity Act, 1972, from time to time. However, in cases where an enterprise has more favourable terms in this regard the same has been adopted.

These plans typically expose the Company to actuarial risks such as: investment risk, interest rate risk and salary risk.

Investment risk	The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to the market yields on government bonds denominated in Indian Rupees. If the actual return on plan asset is below this rate, it will create a plan deficit.
Interest risk	A decrease in the bond interest rate will increase the plan liability. However, this will be partially offset by an increase in the return on the plan's debt investments.
Longevity risk	The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
Salary risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

The principal assumptions used for the purposes of the actuarial valuations were as follows:

Particulars	March 31, 2020	March 31, 2019
Discount Rate	6.86% p.a.	7.50% p.a.
Salary Escalation	6.00% p.a.	6.50% p.a.

The estimates of future salary increase, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

Amounts recognised in total comprehensive income in respect of these defined benefit plans are as follows:

KOVILPATTI LAKSHMI ROLLER FLOUR MILLS LIMITED

(Formerly KLRF Limited)

	March 31, 2020	March 31, 2019

- i. The current service cost and the net interest expense for the year are included in the 'employee benefits expense' in profit or loss and the remeasurement of the net defined benefit liability is included in other comprehensive income.

The amount included in the balance sheet arising from the Company's obligation in respect of its defined benefit plans is as follows:

Particulars	March 31, 2020	March 31, 2019
Present value of defined benefit obligation	216.17	203.50
Fair value of plan assets	(172.37)	(190.59)

Closing defined benefit obligation	<u>216.17</u>	<u>203.50</u>

KOVILPATTI LAKSHMI ROLLER FLOUR MILLS LIMITED

(Formerly KLRFL Limited)

Movements in the fair value of the plan assets in the current year were as follows:

Opening fair value of plan assets	190.59	161.62
Return on plan assets	12.45	14.17
Contributions	13.81	30.69
Benefits paid	(32.19)	(15.89)
Actuarial gains/(loss)	(12.29)	-
Closing fair value of plan assets	172.37	190.59

Sensitivity analysis

In view of the fact that the Company for preparing the sensitivity analysis considers the present value of the defined benefit obligation which has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

(b) Compensated absences

As per the policy of the Company, the compensated absences are not entitled to be carried forward to the subsequent financial year and are paid at the end of the reporting period. Accordingly, no liability towards compensated absences are recognised in these financial statements.

The accompanying notes form an integral part of the financial statement.
